Puppy FUNdamentals

Wednesdays,
September 30–November 18
6:30-7:30PM (8 weeks)
Fee: \$120 Min/Max: 6/12
Program #14131

This class, for puppies younger than 18 weeks, will focus on socialization, bite inhibition, calming and handling, attention, off-leash and household manners. Each class will have extended puppy play time with training time mixed in for a more real life training situation. All training will be done in an operant conditioning positive method (clicker training). This class will set a puppy up for success no matter if their path is a great family pet or a competitive sports dog. Puppies must have their first vaccine. Please do not bring dogs the first week of class.

Family Dog FUNdamentals

Wednesdays, September 30–November 18
7:30-8:30PM (8 weeks)
Fee: \$120 Min/Max: 6/12 Program #14132

Dogs over 5-months-old will learn to manage and control their energy, enthusiasm and exuberance by learning impulse control. Once mastered, we will teach basic manners such as attention and calmness. All training will be done in an operant conditioning positive method (clicker training). This is an excellent class for dogs that have not taken a class before or dogs needing to brush up on their obedience skills. Dogs over 6 months must have their rabies vaccines. No aggressive dogs please. Please do not bring dogs the first week of class.
