DONATIONS

The Park District of Highland Park welcomes gifts to restore and improve parks, or support park programs.

Trees, benches, flagpoles and other items are a unique way to honor special occasions such as birthdays, anniversaries or remembrances. They make beautiful gifts to both your beneficiary and the park.

Please note:

- Items will be accepted for donation only when the item is specifically located on a park plan.
- Donations will be recognized by a standard plaque affixed to the item or on a stand nearby. Donors may specify wording subject to space limitations and approval of the Park District.
- Donations are dedicated for a period for their full useful life. First right of refusal will be given to the original donor. Donated items will be maintained to the same standard as other park features of that type. Trees will be replaced during the first ten years if they do not survive.
- Costs are adjusted periodically. Complete funding for the donation must be received before the commencement of any work.
- Potential donors will be given a copy of the Park District of Highland Park's complete donation policy and guidelines for review before signing a donation agreement.

If you have questions, want to discuss donation ideas or would like more information, please contact **Steve Meyer**, Manager of Special Projects at **847.579.4090** or **smeyer@pdhp.org**.
